Subject: data from Radium 226 and Radium 228 sampling near former Grumman Plant
Attachments: Combined Data Feb 29'16.xlsx; WELLS PROPOSED FOR RADIUM SAMPLINGMAP.pdf

Attached is the data summary and a map showing the location of samples collected from wells around the former Grumman plant last year. There are two tables on the excel spreadsheet, the first being wells identified by NYSDEC and a second of additional wells sampled by Northrop Grumman. I have tried to include all of the involved water districts, the Navy, Northrop Grumman and EPA. If I left someone out, please forward this email of let me know and I will resend. Thanks. Jim H
